Dear Ms. Peck:

Re: Your results on the WETT Woodburning Systems Course

Congratulations! Your grade on the WETT Woodburning Systems course examination was 80 percent. As you know, the passing mark is 70%.

You may now use the phrase "WETT certified." You may also display the WETT logo. I encourage you to use the logo in all your public advertising, including business cards to yellow pages advertising. The more we all use the logo, the more widely recognized it will become.

Enclosed is your wallet card or information on how to get one, wall certificate and the WETT Code of Ethics. Registration for the current year was included in your course fee. In October you will receive an invoice for your renewal of your certification. Please renew promptly because reminder notices are costly and we prefer to put the renewal fees to better use. These fees only partially cover the cost of keeping certificate holders advised of changes related to wood burning.

Once again, congratulations on your achievement and your new designation.

Sincerely,

Evonne Brant
