

The National Registrar of the Wood Energy Technical Training Program

March 29, 2007

Julie Peck
185 Rocky Lake Dr
Bedford, NS B4A 2T6

Dear Ms. Peck:

Re: Your results on the WETT Code Compliance Course

Congratulations! Your grade on the WETT Code Compliance Course examination was 77 percent. As you know, the passing mark is 70%. To register for the next course you are required to have 80 weeks (or close to) applicable work experience.

The final step is

- 1) if you are a retailer, installer or sweep, you are now ready to register for either the Woodburning Systems or the Chimney Sweep course; or
- 2) if you are a municipal or fire official or provide insurance inspections you are now ready to register for the Woodburning Systems course.

Please remember that until you have completed the criteria for basic WETT certification, you are not WETT certified and are not entitled to use the WETT logo. You must be very careful not to give anyone the impression that you are certified. You can, of course, say that you are a student and are working towards WETT certification. We recommend that another WETT certified member be chosen to provide independent verification of your 80 weeks, however we recognize that this is not always possible. Therefore, if you do not have access to a WETT certified member, please contact your regional WETT office or call the WETT Inc. office (416) 968-7718 or 1-888-358-9388 to discuss alternatives.

Should you change your address, please notify your regional WETT affiliate as well as the WETT Inc. office. This will enable us to keep your file current. Once again, congratulations on your achievement and best wishes for a speedy completion of the balance of the basic WETT certification requirements.

Sincerely,

Evonne Brant
WETT Registrar
